

February 13, 2012

Dear Coach,

## MARLBORO TRAVEL SOCCER

I want to take this opportunity to welcome you to the Marlboro Soccer Association. Your commitment to the development of our young players will be one of the most rewarding endeavors you will experience, and it's my job to make sure you have access to all of the tools to make this possible.

One of the greatest tools we can give to our coaching staff is expertise. While some of us were fortunate to have played the game and even more fortunate to have learned from experienced coaches and trainers, more of us have not had this opportunity. Regardless of which category you fall into the value of ongoing education and training is immeasurable. Our goal this year is to impart as much soccer knowledge to our coaching staff as we can offer. In turn we know that the beneficiaries of this knowledge will inevitably be the children to who you have generously devoted your time and supervision.

- We are fortunate to have contracted our training requirements with Campioni Soccer. Campioni have been involved with Marlboro Soccer for over eleven seasons, and they couple their training expertise with a firm understanding of our program. Campioni are a professional company who offer a full complement of soccer specific training including positional, technical, goalkeeper, SAQ and more for all ages.
- Additionally, we will be launching an on-line site for all of you through youthsoccer101.com. This program was thoughtfully constructed by a former captain of Rutgers Men's Soccer, Tyler Isaacson with the input of well respected trainers and coaches. In short, it will allow you to construct training sessions, look up new drills, and construct season long lesson plans for your team all by logging into the site. Coupled with professional training, we are confident that we have never been better positioned to support your efforts in providing a fun developmental program for our players.
- Over the next few weeks, we will be posting a schedule of free coaching clinics. Our goal is to have as many of you attend as many of the sessions as possible. Hopefully, after the clinics you will stay and participate in a friendly scrimmage with your fellow coaches. It's great opportunity to stretch your legs and develop a better understanding of field vision from a player's perspective.

I look forward to speaking with you all in the very near future. If you have any questions, please do not hesitate to contact me by phone or email.

Sincerely,

Jim Zirkman  
MSA Director of Training
